

Management of Portfolios

Foundation & Practitioner

ClearCut
IT TRAINING

Duration: 4 days

The MoP Foundation & Practitioner course provides you with a comprehensive understanding of the principles, techniques, and key roles included in the MoP framework.

This course provides a comprehensive approach to portfolio management and is designed to equip professionals with the skills needed to align portfolios with organisational strategy, making it a valuable qualification for anyone involved in strategic decision-making.

Learning Objectives:

- Introduction to MoP® and setting the context.
- The relationship between MoP® and other key corporate functions.
- Portfolio Management principles
- Portfolio cycles and roles.
- The definition and delivery cycles.
- Framework and documentation.

During this course, you will learn how to:

- Prepare for the MoP® Foundation and Practitioner exams (voucher, manuals, and sample exams provided).
- Understand the benefits and principles underlying the approach to the Management of Portfolios.
- Contribute and communicate effectively with colleagues within portfolio management.
- Apply the MoP® principles within an organisational context.

Foundation

The purpose of the Foundation certification is to confirm that you have sufficient knowledge and understanding to work as an informed member of a Portfolio Office or in a range of portfolio management roles. It is suitable for anyone involved in change initiatives.

Practitioner

The purpose of the Practitioner certification is to confirm whether you have achieved sufficient understanding of how to apply and tailor the MoP® guidance and to analyse portfolio data, documentation and roles in relation to a scenario situation. You must hold a Foundation level certificate to study this. The MoP® Practitioner course explores practical application of the approach with real-world scenarios.

Foundation level exam
